

DECLARATION OF CONFORMITY

NO. 24009 **SAFETY GAS VALVE**

MERABELL VAIT

The **MERABELL VAIT** safety gas valves are intended for installation in distribution networks for natural gas, town gas, or liquefied petroleum gas (LPG) within the pressure range from 15 mbar to 100 mbar.

These valves are equipped with a child safety lock, a flow safety mechanism, and a thermal safety fuse.

Declaration of Conformity

(in accordance with EN ISO 17050 1:2010)

Merabell Technologies hereby declares, under its sole responsibility, that the safety gas valve **MERABELL VAIT**, to which this declaration refers, has been manufactured professionally and in compliance with the requirements of the following documents under which it has been approved:
